# FROM OUR PRESIDENT

“There is a time for everything” and although it is only February, now is the time to begin thinking about the following season. As planning for the following year begins, and as I write my last letter in the bulletin, thoughts of the current year prevail.

The year began with ideas of how to satisfy approximately 1400 members while remaining true to our mission as we continue to pursue our goal of fundraising for Brandeis University. This task has been met by a group of dedicated people who have been members of our Governing Board this year and, whose names are listed in the bulletin to the left of my letter.

When one is asked, “Why are you a member?”, the response is almost always, “The Study Groups”. This year these words are synonymous with Ellen Sade and Marlene Gart. “Summer Study Groups” and “Music, Music, Music”- Pat Knapp and Marcia London are still going strong after 10 years. Our outstanding “Special Events” - Ruth Kirschner and Arlyne Sternburg, of course. Another memorable Book and Author Luncheon! Fern Jacoby made it happen this year. Behind the scenes, but equally as important, are all our Vice Presidents - Joan Schreiber, Arleen Roberts, Carole Steinberg, and Rachel Tanowitz, our Secretaries Roberta Sonneborn and Anne Marie Kaufman, and last, but not least, the keeper of our funds, Treasurer Selma Nutinsky and Assistant Treasurer, Julia Banner.

It is difficult to mention all of the Committee Chairpersons, and their committees, who help to make this a vibrant chapter. As just two examples are Carol Benjamin, who not only brought us into the 21st century with our own website, but continues to input all our programs and Marcia Acker-Missall - our Bulletin Editor who, although new to Brandeis, has shown the tenacity needed when successfully embarking on unknown territory.

As for me, it has been my pleasure getting to know many of you-those who have helped make this chapter important to our community by commitment to their work and those who have contributed by their attendance at our functions. We couldn't have done it without you!

When the new Board is installed on April 4th we will welcome them and continue to support them in their efforts on behalf of The Boca Raton Chapter of Brandeis National Committee.

Fondly,

*Carole Agud*

### **Journal "Indispensable," Say Scientists**

Although they are the lifeblood of scientific research and communication, research journals are pricing themselves out of the reach of the very scientists who need them. "The number of journals has increase enormously, which puts a burden on both the library and the readers," observes Joan Press, associate professor of biology and Rosenstiel Basic Medical Science Research Center. "Nonetheless, relevant papers get distributed among all of them, which means we need access to all of them."

Eve Marder; the Victor and Gwendolyn Beinfeld Professor of Neuroscience and Volen National Center for Complex Systems, draws an analogy to pots and pans in the kitchen: "Without them you can't cook. We can't work without journals," she points out.

Journals are where we both publish the results of our own scientific research and find out what other people are doing," adds biochemist Melissa Moore of Rosenstiel. "Unless a piece of work is published in a peer-reviewed journal, it might as well not have been done."

The Brandeis Libraries are struggling to keep up with the exploding prices of journals. "The cost has increased more than 40 percent since 1999," Susan Wawrzaszek, acting university librarian, explains. "Never before have we needed so critically National Women's Committee's support in this area."
